

October 8, 2015

Dear Canton Community,

We are so excited to announce that registration for this year's Minds in Motion event is open! **Minds in Motion will take place on Saturday, November 7th at Canton Middle/High School.**

Minds in Motion is an collection of hands-on enrichment workshops for any children in grades K-8 (including American Ninja Junior, Capoeira, Robotics, Coding, and Crime Scene Investigation). We also offer adult workshops that are free of charge, and a very exciting Keynote speaker, Katie Hayden, who will be talking about Supporting Your Child's Creative Thinking. Please register early, as classes tend to fill up quickly!

Minds in Motion registration link:

http://www.ctgifted.org/mim_registration/mim_location.php

In order for Minds in Motion to run, we need volunteers to help us on the day of the event. If you'd be interested in helping for an hour, two hours, or even for the entire event, please click the link below to sign up. We'd love to have you! Please note that priority placement in the workshops is given to children of our volunteers.
