# Connecticut Next Generation Accountability System for Districts and Schools

- Provides a more complete picture of a school or district
- Track progress and recognize successes
- Guards against narrowing of the curriculum to the tested subjects
- Expands ownership of accountability to all staff
- Allows schools to demonstrate progress on “outcome pre-cursors”
- Encourages leaders to view accountability results not as a “gotcha” but as a tool to guide and track improvement efforts
- Developed by CT Department of Education with extensive feedback from district and school leaders, Connecticut educators, state and national experts, CSDE staff, and many others.
